

GOAL-BASED PLANNING SHEET for Career Path

This planning sheet is for your career path student looking to enter directly into the workforce, technical school and/or acquire skills needed to succeed in these areas. The courses below are recommendations ONLY. It is the parent's responsibility to ensure the student has met the requirements for their career certification or admission to post-secondary school. **Check with the college, technical school or certifying organization concerning which courses are required for admission or certification and build your plan based on those requirements.** If you need assistance, please contact one of our counselors or submit this planning sheet for review. ~HLA Counselors
